MRT 403(b) Addendum Instruction Sheet

All employers that participate in MRT's 403(b) plan are required to complete and sign the addendum to the MRT adoption agreement. This is true whether MRT is the only investment provider in your 403(b), or if you offer other investment providers in addition to MRT. Keep a copy of the addendum and place with your other 403(b) documents.

I. Current investment providers under the plan

- a. If MRT will be the only investment provider to which your employees can make on-going contributions after 2008, then mark the first box in Section I. Do not check the first box in Section I if contributions were made to any other 403(b) investment provider after Dec. 31, 2008.
- b. If you allowed contributions to any other 403(b) investment provider after 2008, even if you no longer allow contributions to those providers, you should mark the second box in Section I. In the table provided, please write in the provider (i.e. name of mutual fund) that contributions were made to, the date you last made contributions to this provider (the "Deselection Date"), and any provider contact information you have.
- c. If you allow employees to contribute to other 403(b) investment providers in addition to MRT, then mark the third box in Section I. In the table provided, please write in each investment provider's name (i.e., name of mutual fund), and the name and phone number of the contact person at that investment provider. You do not need to identify MRT in this table.

Please note: If you add or remove investment providers in the future, you are required to make those changes in Section I of this addendum.

II. Former investment providers

If your employees were allowed to make 403(b) contributions to any investment provider other than MRT after Dec. 31, 2004 but before 2009, and other than those identified in Section I, please identify them in the table provided. These investment providers are not part of your 403(b) plan. However, you are required to notify them of the name and contact information of the person in your office who is in charge of administering your 403(b) plan.

III. Multiple investment provider requirements

Section III sets out the provisions that are required in order to comply with the Final Regulations if you offer 403(b) investment providers in addition to MRT. If you plan to offer multiple investment providers, please read this section carefully. It describes additional responsibilities that apply to you under the MRT 403(b) plan. These responsibilities apply to all investment providers who received contributions from you or your employees after 2008, even if you no longer allow contributions to that provider.

IV. Changes in investment and contract exchanges (within the plan)

Section IV gives you the opportunity to identify whether your employees will be allowed to move assets between the various investment providers that you allow employees to contribute to, or to other investment providers. **If MRT will be the only investment option in your 403(b) plan, do NOT complete this section.** In completing this section, you need to be aware of the following:

- a. **Transfers out of MRT.** The MRT plan document does **not** allow employees to withdraw or transfer assets out of MRT unless the employee has terminated employment with all employers that have adopted MRT. If you offer investment providers in addition to MRT, please note that employees will not be able to transfer their 403(b) contributions in MRT to any other provider as long as they are employed with any employer that has adopted MRT.
- b. **Changes in investment.** If you offer investment providers in addition to MRT, Section IV B. gives you the opportunity to decide if you will permit or not permit your employees to move their 403(b) assets amongst these providers. If you permit changes in investments, your employees will be able to move their assets from one provider to the other, unless that provider restricts this. If you choose not to permit investment changes between providers, then your employees will only be able to move their money amongst the investment funds offered within the investment provider that the employee contributed to.
- c. **Contract exchanges.** Your 403(b) plan may allow current employees to transfer assets to investment providers that do not have a payroll slot for on-going contributions from employees. Most 403(b) plans will **not** allow this type of

exchange. However, this is something that you can choose to offer. If you do elect to allow contract exchanges, you must identify the investment provider in the table provided. **Be aware that if you offer this type of exchange, you must have an information sharing agreement in place with that vendor.**

V. Plan to Plan Transfers (to another 403(b) Plan)

The MRT plan document does not allow employees to transfer assets out of MRT unless the employee has terminated employment. Therefore, if MRT is the only investment provider in your 403(b) plan, do **not** complete this section. By electing to permit Plan to Plan Transfers, an employee has the right to move that portion of his/her account not invested with MRT from your 403(b) plan to the 403(b) plan of another employer (either former employer or current employer) while still employed by you. Most 403(b) plans will **not** allow this type of transfer. If you do not want to permit employees the right to move their accounts to other 403(b) plans while still employed by you, please mark “does not permit.”

Addendum to Adoption Agreement

Under the final Code section 403(b) regulations, each Adopting Employer must maintain a list of all 403(b) investment providers and vendors that are eligible to receive contributions under the Adopting Employer's 403(b) plan. The Plan incorporates this list by reference. This list must be consistently maintained and regularly updated. In addition, the Adopting Employer is responsible for coordinating information necessary for compliance with all statutory and regulatory requirements among all 403(b) investment providers and vendors.

I. Post 2008 investment providers under the Plan

- The sole investment provider under the Plan is the Mennonite Retirement 403(b) Plan. No contributions have been made to any other investment provider at any time after Dec. 31, 2008.
- The Adopting Employer has made contributions to the following 403(b) investment providers after Dec. 31, 2008. However, no further contributions will be made to these investment providers.

List below the investment providers to whom contributions were made under the Plan after Dec. 31, 2008 (not including the Mennonite Retirement 403(b) Plan). Please indicate the date on which contributions to each listed investment provider ceased (the "Deselection Date"). **Note:** The contributions held by these investment providers are considered to be part of the Adopting Employer's plan and the Adopting Employer has continuing compliance responsibilities with respect to all such investment providers even though the Adopting Employer has discontinued all contributions to these former investment providers.

Name of investment provider	Deselection date	Contact name	Phone number

- The Adopting Employer has approved the following investment providers to receive contributions under the Plan in addition to Mennonite Retirement 403(b) Plan.

Name of current investment provider	Contact name	Phone number

II. Pre-2009 investment providers

Under the final Code section 403(b) regulations, each Adopting Employer has compliance responsibilities with respect to any investment providers that received contributions after Dec. 31, 2004 and before Jan. 1, 2009. This is true even if the Adopting Employer has discontinued all contributions to these former investment providers.

List the investment providers who were authorized to receive contributions under the Plan after Dec. 31, 2004, but are no longer authorized to receive contributions. **No contributions will be made to these investment providers after Dec. 31, 2008.**

Name of former investment provider	Contact name	Phone number

The Adopting Employer agrees to contact each of the investment providers listed above to notify them of the name and contact information of the person in charge of administering the Adopting Employer's plan for the purpose of coordinating information necessary to satisfy the statutory and regulatory requirements under Code section 403(b).

III. Multiple investment provider requirements

The terms of the individual contracts with investment providers shall control the investment, distributions of, and loans made with respect to all Contributions made pursuant to such contracts, as well as the resolution of any claims relating to such Contributions.

To the extent permitted by applicable law, the Adopting Employer intends that any 403(b) contracts issued by the investment providers listed in Sections I and II above will be investments of its Plan and will not be subject to the requirements of either Code section 403(b)(1) or 403(b)(7), and instead will be subject to the requirements of Code section 403(b)(9).

In addition, the Adopting Employer agrees to the following provisions if it makes contributions (or has made contributions) to multiple investment providers under its Plan.

- **Plan administrator.** The Adopting Employer shall be responsible for the administration of its Plan and coordinating compliance with respect to all investment providers under its Plan. The Trustees of Mennonite Retirement 403(b) Plan shall not be responsible for the administration of an Adopting Employer's Plan in the event that the Adopting Employer has at any time utilized multiple investment providers.
- **Relationship of plan to contracts with other investment providers.** The Adopting Employer shall be responsible for ensuring that there is no inconsistency between the terms of the Plan document and the terms of any contract(s) with any other investment provider. In the event there is any inconsistency, the terms of the Plan document shall control.
- **Exchange of information.** Each investment provider and the Adopting Employer shall exchange such information as may be necessary to satisfy the requirements of applicable law. In the case of an investment provider that has ceased to be eligible to receive contributions under the Plan, the Adopting Employer agrees to keep the investment provider informed of the name and contact information of the Adopting Employer in order to coordinate information necessary to satisfy the requirements of applicable law.

In addition, the Adopting Employer shall be responsible for ensuring that the terms of all contracts with investment providers provide for the exchange of information among the Adopting Employer, the Trustees of Mennonite Retirement 403(b) Plan and such other investment providers to the extent necessary to comply with the requirements of the Code and applicable Treasury Regulations. Such exchange of information shall include:

such withdrawal in order for the Adopting Employer to implement the resulting six-month suspension of the Participant's right to make Elective Deferrals under the Plan;

- C. The investment provider providing information to the Adopting Employer or other investment providers (including the Trustees) concerning the Participant's or Beneficiary's Code section 403(b) contracts, custodial accounts, or retirement income accounts or qualified employer plan benefits (to enable an investment provider to determine the amount of any plan loans and any rollover accounts that are available to satisfy the financial need under the hardship withdrawal rules (pursuant to Treasury Regulation section 1.401(k)-1(d)(3)(iv)(E)); and
- D. Information necessary in order for the Adopting Employer to satisfy other tax requirements, including the following:
 - (i) the amount of any plan loan that is outstanding to the Participant in order for an investment provider to determine whether an additional plan loan satisfies the statutory loan limitations so that any such additional loan is not a deemed distribution under Code section 72(p)(1); and (ii) information relating to any Roth Contributions (including the time upon which such contributions were first received by the investment provider) necessary to determine the extent to which a distribution is a qualified distribution within the meaning of Code section 402A(d)(2).

Changes in investments and contract exchanges (within the plan).

- A. **Contributions invested under Mennonite Retirement 403(b) Plan.** All contributions to the Mennonite Retirement 403(b) Plan shall be invested in accordance with the provisions of Article V of the Plan. - B. **Contributions Invested Under Funding Vehicles Provided by Investment Providers Other than the Mennonite Retirement 403(b) Plan.**
 - **Changes in investments:** To the extent provided in the contracts with Investment Providers, the Adopting Employer:
